Daughter—"Yeah, just as fast as they can get to the phone!"

The day-dreamer leads a dazeto-daze existence.

Teachers are urged to give tests other than final examinations prior to the above schedule. Proper judgment as to time allotted and materials to be covered in your classes will be necessary to give students the information needed for their final exams.

Students must remain in the examinaton room for one hour. At the end of one hour a bell will ring and the students are to leave the building or report to the study hall.

Students need not meet study halls during exam days, but study halls will be provided for those who remain in the building during the exam periods.

All fees, fines and other obligations made during the year must be paid before students will be allowed to take any exams. Fees and fines due will be posted on the bulletin board in the front hall, and must be paid by Friday, May 13.

The library will be closed for the year on May 6, to all books except those needed for reference and dictionaries.

Senior exams will be given during the regular class periods on Monday, May 16, and Tuesday, May 17. All seniors will be required to be in attendance during these two days.

Graduating seniors will report to school on Wednesday morning, May 18, at 9: a. m. to practice for commencement.

The same exemption plan used at mid-term will be applied for the final examination period.

Report cards will be given out to all students on Friday morning, May 20, at 10:00 a, m. Student who ride the bus and cannot come for their cards on Friday morning will receive their cards through the mail.

Three Girls to Get Diplomas in DePriest School Rites This Year

In contrast to last year's graduating class at DePriest Colored School of four boys, this year's senior group is composed of three girls.

The senior group is made up of Clementine Turner, valedictorian; Vinita Mayfield, salutatorian; and Hatte Mae Anderson. These girls have done outstanding work all through their grade school and high school careers, reports E. S. Morgan, principal.

Clementine and Vinita are members of the Girls' Quartet which won first place in the state Interscholastic Leegue meet this year. Vinita also won third place in vocal solo in the state meet last year.

Special credit goes to Hattie Mae Anderson, who has done outstanding work in homemaking the past year, according to Mrs. E. F. Ford. Hattie's hobby is sewing and cooking. She anticipates entering Texas College in the fall to major in home economics.

DePriest Students Win At District and State

Students of DePriest Colored School were very successful in district and state meets of the Interscholastic League this year, a review will reveal, declares

E. S. Morgan, principal.

The school was awarded the first place literary trophy at the district meet held at Colorado

Participating in the state meet at Prairie View were: Girls' quartet, which placed first, composed of Vinita Mayfield, Vera Lee Haley, Clementine Turner and Jo Anne Logan; boys' quartet, which placed second, made up of D. C. Carr, Speedy Baldwin, James Laury and Jesse Gilbert; William Henry Brown, junior declaimer; Charles Edward Mitchell, senior declaimer.

Student Council at Hamlin Wigh School Handles Details of Assembly Programs

Assembly programs at Hamlin High School during the past year have been under the direction of the Student Council, according to Harold Williams, faculty advisor to the faculty-student liaison unit.

Officers of the Student Council are: James Boyd, president; Paige Baize, vice presdent; Peggy Briscoe, secretary; Rodney Spaulding, reporter; Alta Lois Rodgers, parliamentarian.

Senior class representatives are Peggy Briscoe, Alta Lois Rodgers and James Boyd. Representatives from the junior class are Joye Bigham, Reba Roland, Paige Baize and Rodney Spaulding. Dee Prewit, Annette Smith and Elizabeth Norton are sophomore representatives. Sara Fomby and Virgil Wilson are freshmen representatives.

One activity of the Student Council was the sponsoring of the school carnival, which had not been sponsored here in several years. They also sent the junior representatives — Joye Bigham, Reba Roland, Rodney Spaulding and Paige Baize—to Denton on March 24, 25 and 26 for the state Student Council convention. It has been a tradition to send the juniors every year. New ideas are discussed for betterment of your school. Next year the state convention will convene at Midland.

For assembly programs the Student Council has featured devotionals, brought every other Tuesday by the ministers of the city. They have recently started devotionals given by students. The different classes and organizations were responsible for an assembly to be presented to the student body.

An outstanding speaker who appeared before the student body during the past year was Dr. Willis A. Sutton, founder of the Student Council, from Atlanta, Georgia. He has retired from his position as superintendent of schools in Atlanta, and now devotes his time traveling and counselling with students about their problems.

An entertaining and instructive assembly was given by A. C. Wimpy, an amateur magician from Dallas. He presented an application to life's problems of young people with each trick.

Special days were sponsored to increase school spirit. Western Day required all students to dress "Western." During Twirp Week the girls enjoyed the privilege of asking the boys for dates and financing them. Two Luggage Days were observed, when the boys and girls carried each others' books.

The Student Council plans to elect new officers for the coming year at a meeting this week.

STARTING OVER.

The fellow was a regular customer at the restaurant and the management tried to please him. So when he complained that only one piece of bread was served with his meal, the waiter brought four slices the next night.

"Better," said the man, "but not enough I like bread."

A basketful of slices the next evening failed to stop the com-

"We'll fix him," the manager told the waiter, and ordered a gigantic loaf specially baked-six feet long and thick as a barrel When the man came in for his meal, the waiter lugged in the entire loaf, uncut, dropped it on the table, and waited hopefully for comment.

The man glared at the loaf and said in resigned bitter tones, "Well, I see we're back to one piece again."

Hamlin High English Students Again Make Shakepearean Display

Repeating a series of classroom projects that last year created outstanding outstanding interest of students in senior English class, Mrs. Charles Scott has reported noteworthy projects by students in Shakespearean English studies the past session.

Members of her classes made displays of Shakespearean time theaters, castles and characters of the famous writer's plays.

Two senior members of her classes won special awards for their essays. Barbara Durham's essay on "My Home Town" placed first in the Hamlin Chamber of Commerce contests and she went on to place second in the WTCC contests at Lubbock.

Laveta French's essay on "Tuberculosis" placed second in county-wide contest sponsored by the Jones County TB Association. Justin Rowland's essay on the same subject was accorded honorable mention.

Fifteen Seniors at HHS **Taking Shorthand**

Fifteen seniors were among the shorthand students during the closing term, reports Dora Mitchell, instructor of commercial courses at Hamlin High School.

These were Robert Altum, Mary Amersan, Betty Amerson, Peggy Briscoe, Vernelle Butler, Barbara Durham, Betty Dillard, Amanda Freeman, Billy Kelly, Carolyn Pace, Betty Osborne, Alta Lois Rodgers, Justin Rowland, Sarah Walker and Linda Wallace.

WORLD AFFAIRS LOOKED BRIGHT YESTERDAY

World conditions have taken on changed appearances during the past several weeks, and, although war may not be iminent, things so not look so bright, according to an interesting article in The Moore County News, published at Dumas:

For a country which at the close of the year was reported by our chief executive and our nation's business leaders to have been facing fewer threats of war than at any time during the past five years, we certainly ripened in one whale of a hurry . . . and, as things apparently stand today . . . we are ready to pick or be picked.

Reports of smooth sailing reached the public ear as the white house viewed our international situation last fall as being the most comfortable status viewed by top brass during the past five years.

As a clincher, plans for slashing military manpower were announced, and the program apparently found favor both with Republican and Democratic factions in Washington.

The picture loks a bit different today, and if the president plans to use his "big stick" method of displaying strength, it looks as though we are going to need fewer mothballs-and more stick.

Where You Come In

Unless millions of Americans are in on it, there will not be effective, lasting action toward the goal of better schools. This is where you come in.

Unless you join with the others in your community, counseling, cooperating and arguing-it-out, the job will not be finally and fully done. You are needed to start if anybody else takes the initiative; you are needed to help if the spark already has caught. George can't do it.

Local communities will determine the standards of education, too, regardless of what is done on federal and state levels. The job is not finished when we have provided the bricks and mortar of our school buildings-as Americans we are committed also to a high quality of education for all. This, again, is where you come in.

As Roy E: Larsen put it in a recent speech: 'It is the citizen who must recognize that what was good 40 or 50 years ago is not good enough today. He must recognize that we are dealing here with a basic element of our national strength and security."

There is no contradiction with the basic premise of equal education for all in the primary and secondary schools. The equality must be, as Larsen also said, in providing jury following the alleged theft "the highest possible quality of education that each individual youngster, according to his talents, can absorb."

Toward the goal of this high quality of education, achieved through better schools which in turn will be helped through community conferences, this paper is devoted.

Public Schools early learned that its most effective service to citizens interested in schools was as a clearing-house for citizens who wanted information - especially ideas and case histories and specific data on what others had done to solve their problems. This newspaper is an extension of that clearinghouse service, another tool in the same kit.

This is a year of momentum. It may go down as the big year for education so far. It will not be the last.

Tact Can Be Effective

A certain young man proved wise beyond service station operator, near his his years when he paused before answering a widow who had asked him to guess her age. "You must have some idea," she said.

"I have several ideas," said the young man, with a smile. The only trouble that I hesitate whether to make you ten years Hamlin, with a goal of \$1.741, younger on account of your looks or ten years older on account of your intelligence."

In livestock circles this happens very year, usually in June. Hower, the season governs the "June ak." An early season such as his one sees the break in cattle ices come early, and in a late eason, sometimes the break comes n July or later.

Usually the "June break" comes on after the first interval of igh temperature and burning U. S. Department of Agriculture

Toppy fed cattle sold at Fort Vorth at \$22 to \$23.50, two loads at the latter figure from M. L. Smith of Jack County, averaged 950 pounds. Another top feeder, I. S. Scott of Castro County sold led steers at \$23 and their heifer mates at \$22. Some other well fitted cattle at \$22 and \$23 on the yards were fully steady. But, otherwise cattle and calves all lost ground, whether sold claughter or stocker kinds.

Cows brought \$6 to \$13, bulls 9 to \$13.50, slaughter calves \$9 to \$21, stocker calves and yearlings \$13 to \$21, heifer mates \$3 55 under stocker steers.

Virtually all important cattle for markets reported close to producing countries of the world show increases in the past year in their cattle population. Latest ago the same date, and 10,000 report covering end of 1954 estimates world cattle numbers at 877,000,000. This is 10,000,000 above the 1953 total.

In the United States the increase last year was about one per cent. In the face of the current big supplies of feed grains in storage in the U.S. ample production of meat, poultry, milk eggs and other farm produce in which feed or proteins figure, should remain at high levels for a year or

Current feed grain index is 10 points behind a year ago this date; seed meal prices are better than 50 points under a year ago.

Top hogs at Fort Worth Monday sold at \$17.50 to \$17.75. This was 25 to 50 cents up, but sows were weak to \$1 lower. Sows topped at \$13.50, but some heavyweight sows sold down to \$10 and \$11-new low for the current season on that kind here.

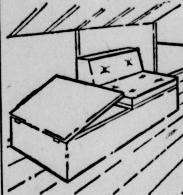

We note that inquiries from the summer winds, which sear pas- to the meat trade about names for top hogs are again going the rounds. Seems even the Department of Agriculture bosses here have at last decided perhaps the industry might posibly be right in refusing to accept Choice No. 1. Choice No. 2 and Choice No. 3 as good names. Some think U.S. No. 1, U. S. No. 2 and U. S. No. 3 might better fit. One thing wrong with most USDA "names" is the fact that hey (1) pick names that suit USDA but are not familiar to the trade; (2) change names too frequently for general usage to take over.

> Prices of spring lambs were weak to 50 cents lower, some spots \$1 off at Fort Worth Monday. Shorn old crop lambs closed mostly 50 cents to \$1 off. Many spring lambs are definitely shrinking and showing loss of bloom now. Top milk fat lambs were \$20 to \$21, fat shorn old crop lambs topped at \$15 to \$15.25, and old ewes at \$3 to \$4. Feeder old crop mixed feeder and fat lambs sold at \$13.50 down; and feeder spring lambs sold around \$14 to \$16, with packers still paying more than feeders on most of these kinds.

IT'S ALL BUICK -AND ALL YOURS for the price of a smaller car! (Come in and check it!)

You certainly can throw out your chest and call this strapping big Buick yours.

Because - as any comparison shows - the dollar difference between this brawny beauty and the well-known smaller cars is now virtually erased.

So if you've been holding back, thinking a Buick was out of reach-let yourself go. You can afford a Buick if you can afford any new car-and the price tag we'll show you proves it.

Buick Sales Are Soaring To New Best-Seller Highs

That's a major reason for the phenomenal success of Buick today. So much so, that production and sales are hitting new peaks to move Buick more firmly into the tight circle of America's best sellers.

And a companion reason for this soaring popularity is Buick's full line of cars to give you a choice in any price class-the bedrock-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, and the custom-built ROADMASTER.

But pure and simple, it's all the automobile you get for your money that's winning so many new owners to Buick.

It's the extra pride you feel, the extra room you enjoy, the extra comfort you get, the extra safety you sense - from Buick styling, Buick size, Buick ride-engineering, Buick solidity of structure. It's the extra lift and snap and ginger you get

from Buick high-compression V8 power-and the fun and thrill of bossing such eager might. As we said—if you can afford any new car, you can afford a Buick—even with the spectacular performance of Variable Pitch Dynaflow at

So why settle for anything less than a Buick?

Drop in on us, take the wheel, press that pedal, and see for yourself what a whale of an automobile -and a whale of a buy-today's Buick really is.

+Dynaslow Drive is standard on Roadmaster, optional at extra cost

DID YOU KNOW-

- that the Buick SPECIAL is priced below any other car of 188 horsepower and 122inch wheelbase?

- that the Buick SPECIAL is priced below some models of the three well-known smaller cars?

- that the Buick SPECIAL gives you more pounds of automobile than any other car at its low price?

Soil Compaction **Getting Attention** By Soil Workers

Soil compaction is a relatively new agricultural problem and one that is receiving a lot of attention lately, point out officials of the California Creek Soil Conser vation District, in a release to The Herald. Soil compaction occurs more refrequently where intensive cropping systems are used.

Severe instances of compaction are found where stock have tramped and at ends of rows where equipment has turned.

Compaction of soil is commonly found when land is plowed too wet, grazed when soil is wet and through the constant use of heavy farm machinery, according to E. L. Cowger, Soil Consevation Serv ice technician, assisting the California Soil Conservation District

This packed condition of the soil restricts movement of water and air in the soil, causes water to stand on level areas, and prevents movement of plant roots into the soil.

A good soil and water conserva tion program helps improve soil structure. A good crop rotation which includes legumes will increase the organic matter in the soil and increase soil microbes and earthworms which form passages in the soil.

Many of the farmers cooperat ing with the Soil Conservation District are planting guar as cash and soil improving crop.

Blue panic grass is being plantd to provide grazing and make tive grasslands. Austrian winter peas are planted in the fall for soil and water conservation.

The soil to have life and con Hens must be fed if they lay eggs give milk, and the soil on which all life depends must be improved and conserved so life itself can exist, declare the district leaders.

Former Hamlin Girl In Champion Band

Karen Dutton, daughter of Mr and Mrs. Alfred Dutton, former Hamlin residents, was a member of the prize winner Dimmitt High School Band which recently won the Class A sweepstakes honors in state Interscholastic League contests staged at Canyon.

Karen plays a cornet in the Dimmit band. She formerly was member of the Hamlin Junior High School Band at Hamlin, under direction of Walter Chalcraft.

Daughter—"Yeah, just as fast as they can get to the phone!"

The day-dreamer leads a dazeto-daze existence.

Teachers are urged to give tests other than final examinations prior to the above schedule. Proper judgment as to time allotted and materials to be covered in your classes will be necessary to give students the information needed for their final exams.

Students must remain in the examinaton room for one hour. At the end of one hour a bell will ring and the students are to leave the building or report to the study hall.

Students need not meet study halls during exam days, but study halls will be provided for those who remain in the building during the exam periods.

All fees, fines and other obligations made during the year mustbe paid before students will be allowed to take any exams. Fees and fines due will be posted on the bulletin board in the front hall, and must be paid by Friday, May 13.

The library will be closed for the year on May 6, to all books except those needed for reference and dictionaries.

Senior exams will be given during the regular class periods on Monday, May 16, and Tuesday, May 17. All seniors will be required to be in attendance during these two days.

Graduating seniors will report to school on Wednesday morning, May 18, at 9: a. m. to practice for commencement.

The same exemption plan used at mid-term will be applied for the final examination period.

Report cards will be given out to all students on Friday morning, May 20, at 10:00 a. m. Student who ride the bus and cannot come for their cards on Friday morning will receive their cards through the mail.

Three Girls to Get Diplomas in DePriest School Rites This Year

In contrast to last year's graduating class at DePriest Colored School of four boys, this year's senior group is composed of three girls.

The senior group is made up of Clementine Turner, valedictorian; Vinita Mayfield, salutatorian; and Hatte Mae Anderson. These girls have done outstanding work all through their grade school and high school careers, reports E. S. Morgan, principal.

Clementine and Vinita are members of the Girls' Quartet which won first place in the state Interscholastic Leegue meet this year. Vinita also won third place in vocal solo in the state meet last year.

Special credit goes to Hattie Mae Anderson, who has done outstanding work in homemaking the past year, according to Mrs. E. F. Ford. Hattie's hobby is sewing and cooking. She anticipates entering Texas College in the fall to major in home economics.

DePriest Students Win At District and State

Students of DePriest Colored School were very successful in district and state meets of the Interscholastic League this year, a review will reveal, declares E. S. Morgan, principal.

The school was awarded the first place literary trophy at the district meet held at Colorado

Participating in the state meet at Prairie View were: Girls' quartet, which placed first, composed of Vinita Mayfield, Vera Lee Haley, Clementine Turner and Jo Anne Logan; boys' quartet, which placed second, made up of D. C. Carr, Speedy Baldwin, James Laury and Jesse Gilbert; William Henry Brown, junior declaimer; Charles Edward Mitchell, senior declaimer.

DePriest Homemaking Group Completing Good Year of Work

Girls in the homemaking department at DePriest Colored School are climaxing a good year of work, declares Mrs. E. F. Ford, instructor.

The first semester's work was on food preparation, which consisted of units on meal planning, table service, marketing and buying, and food preparation.

Second semester's work was on hobbies and crafts, and clothing construction. The phase of hobbies and crafts included textile painting, embroidery, molding of figurines from plaster of paris, crepe paper flower making. Student Council at Hamlin High School Handles Details of Assembly Programs

Assembly programs at Hamlin High School during the past year have been under the direction of the Student Council, according to Harold Williams, faculty advisor to the faculty-student liaison unit.

Officers of the Student Council are: James Boyd, president; Paige Baize, vice presdent; Peggy Briscoe, secretary: Rodney Spaulding, reporter; Alta Lois Rodgers, parliamentarian.

Senior class representatives are Peggy Briscoe, Alta Lois Rodgers and James Boyd. Representatives from the junior class are Joye Bigham, Reba Roland, Paige Baize and Rodney Spaulding. Dee Prewit, Annette Smith and Elizabeth Norton are sophomore representatives. Sara Fomby and Virgil Wilson are freshmen representatives.

One activity of the Student Council was the sponsoring of the school carnival, which had not been sponsored here in several years. They also sent the junior representatives — Joye Bigham, Reba Roland, Rodney Spaulding and Paige Baize—to Denton on March 24, 25 and 26 for the state Student Council convention. It has been a tradition to send the juniors every year. New ideas are discussed for betterment of your school. Next year the state convention will convene at Midland.

For assembly programs the Student Council has featured devotionals, brought every other Tuesday by the ministers of the city. They have recently started devotionals given by students. The different classes and organizations were responsible for an assembly to be presented to the student body.

An outstanding speaker who appeared before the student body during the past year was Dr. Willis A. Sutton, founder of the Student Council, from Atlanta, Georgia. He has retired from his position as superintendent of schools in Atlanta, and now devotes his time traveling and counselling with students about their problems.

An entertaining and instructive assembly was given by A. C. Wimpy, an amateur magician from Dallas. He presented an application to life's problems of young people with each trick.

Special days were sponsored to increase school spirit. Western Day required all students to dress "Western." During Twirp Week the girls enjoyed the privilege of asking the boys for dates and financing them. Two Luggage Days were observed, when the boys and girls carried each others' books.

The Student Council plans to elect new officers for the coming year at a meeting this week.

Three Typing Students At HHS Get Awards

Three typing students at Ham-High School received award medalso for their work in Typing I the past year, according to Dora Mitchell, instructor of commercial courses. They are the students who entered the Interscholastic League typing contests held recently.

They were Joye Bigham, who placed second in district and seventh in regional meet; and Barbara Durham, who placed fourth in district; and June Hill, who made the third typist to represent this school.

1955 EDITION of The Piper, annual of Hamiin High School, was dedicated to Mrs. Austin Poe (above), long-time teacher in Hamiin school. She has been one of the sponsors of the senior class the past session.

Truman Nix to Be **New Grid Coach** At Hamlin High

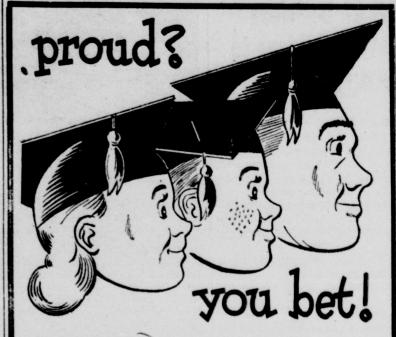

Truman Nix, 29-year-old assistant football coach at Andrews High School for the past four years, was named head football coach for Hamlin High School a a special meeting of the board of trustees two weeks ago.

He will assume his new place during the summer, his contract becoming effective August 1. Nix will succeed Vernon Townsend, who has accepted an assistant coaching position at Class AAA Vernon High School.

Nix is no stranger to many Hamlin people, he having been here as assistant coach at the high school in the spring of 1949. From here he went to Rule, then to Andrews

The new coach is a native of Loraine, where he graduated from high school. Later he finished McMurry College at Abilene, where he lettered for three years as center and fullback on the Indian football team. His senior year he was co-captain.

New assistants for the new coach will be suggested by him. Resigning recently from the other coaching posts were Elvin Hill and John Taylor.

Best wishes to you on this very important occasion in your life.

Basic Goal of Homemaking Courses Is To Melo Individual to Live Useful Life

Homemaking education is that | part of the broad field of home and family life education which is centered on home activites and relationships and which enables the individual to assume the responsibilities of homemaking, according to definitions given by Mrs. James E. Simmons and Mrs. Joe W. Carter, homemaking in-

HHS Homemaking Groups Study Clothing Problems in Class

Students in Homemaking III at Hamlin High School began their clothing class this semester by reviewing clothing problems which they had studied in Homemaking I and II.

Their first project was a man's short sleeve sport shirt. Next, they began tailoring. Several linen suits, faille dresses and dustrs were made. They learned the tailoring technique of the Bishop clothing construction method.

Since finishing tailoring study, the students have been studying interior decorating. They are making a notebook with notes and pictures of various styles and periods of decorating. They also studied the principles of art and design, including color. During the last project they visited the homes of Weldon Johnson, Brad Rowalnd Jr., Johnny Bryant, Noble Greer and Alta Haught.

Their teacher, Mrs. Joe Wayne Carter, gave a luncheon for the class in her home. The class also went to Barrow Furniture to learn what to look for when buying fur-

The group has also made a small sample drapery and studied several types of drapery fabrics.

structors at Hamlin High School. The efficiency of workers in all occupations is affected by the quality of home and family life, they point out.

The basic goal of homemaking education is to help the individual to live a more useful and satisfying personal, family and community life. More specifically, the objectives of homemaking education for all age groups are to help individuals to . . .

- 1. Become better citizens by understanding and assuming responsibilities and privileges as members of the family and community.
- 2. Make more efficient use of available resources through learning how to save money by home production and preservation of food, construction and repair of clothing and care of and repair of bansuet; Methodist Men's Club. tools and equipment.
- 3. Guide children wisely through understanding their physical and emotional needs.
- 4 Acquire social skills in managing a home and in performing necessary housekeeping duties.
- 5. Establish a wholesome attitude toward other people through satisfying experiences with them and their families.
- 6. Adjust to changes in their personal lives and in the social and economic order.
- 7. Improve their health through an understanding of what constiutes good health and the practice of habits which contribute to it.
- 8. Appreciate beauty which already exists in their environment and to make their homes, clothes and food more attractive.
- 9. Enjoy social activities through gaining assurance by participation in family and community recreation, hobbies and other activities.
- 10. Experience a sense of accomplishment through knowing how to do work well, and through acquirng skills and interests that enable them to express creative

WORLD AFFAIRS LOOKED BRIGHT YESTERDAY

World conditions have taken on changed appearances during the past several weeks, and, although war may not be iminent, things so not look so bright, according to an interesting article in The Moore County News, published at Dumas:

For a country which at the close of the year was reported by our chief executive and our nation's business leaders to have been facing fewer threats of war than at any time during the past five years, we certainly ripened in one whale of a hurry . . . and, as things apparently stand today . . . we are ready to pick or be picked.

Reports of smooth sailing reached the public ear as the white house viewed our international situation last fall as being the most comfortable status viewed by top brass during the past five years.

As a clincher, plans for slashing military manpower were announced, and the program apparently found favor both with Republican and Democratic factions in Washington.

The picture loks a bit different today, and if the president plans to use his "big stick" method of displaying strength, it looks as though we are going to need fewer mothballs-and more stick.

"It would make clear," the president said, 'the unified and serious intentions of our government, our Congress and our people." He was asking Congress for advance authority to utilize American armed forces in defense of Formosa, a request approved by a 28 to 0 vote from the House foreign affairs Ella Temple.

And it would seem that, regardless of Washington's readiness for war, the industrialist and manufacturer already are preparing for what might come. Within hours after President Eisenhower made his announcement, stocks in defense-kindred materials soared and Wall Street pointed in the direction of a new

Where You Come In

Unless millions of Americans are in on it, there will not be effective, lasting action tinent question: "Would you gamble with your life to save a minute?" That sounds toward the goal of better schools. This is Tike a foolish question. But, believe it or where you come in.

Unless you join with the others in your community, counseling, cooperating and arguing-it-out, the job will not be finally Anson, Hamlin and Stamford Watch people's actions in traffic for an and fully done. You are needed to start if anybody else takes the initiative; you are needed to help if the spark already has caught. George can't do it.

Local communities will determine the standards of education, too, regardless of what is done on federal and state levels. The job is not finished when we have provided the bricks and mortar of our school buildings—as Americans we are committed also to a high quality of education for all. This, again, is where you come in.

As Roy E: Larsen put it in a recent speech: "It is the citizen who must recognize that what was good 40 or 50 years ago is not good enough today. He must recognize that we are dealing here with a basic element of our national strength and security."

There is no contradiction with the basic premise of equal education for all in the primary and secondary schools. The equality must be, as Larsen also said, in providing jury following the alleged theft "the highest possible quality of education Moutray-Moore Drilling Company, that each individual youngster, according to his talents, can absorb."

Toward the goal of this high quality of education, achieved through better schools which in turn will be helped through community conferences, this paper is devoted.

The National Citizens Commission for the Public Schools early learned that its most tor. effective service to citizens interested in schools was as a clearing-house for citizens who wanted information — especially ideas and case histories and specific data on what others had done to solve their problems. This newspaper is an extension of that clearinghouse service, another tool in the same kit.

This is a year of momentum. It may go down as the big year for education so far. It will not be the last.

Tact Can Be Effective

A certain young man proved wise beyond his years when he paused before answering a widow who had asked him to guess her age. "You must have some idea," she said.

"I have several ideas," said the young man, with a smile. The only trouble that I hesitate whether to make you ten years younger on account of your looks or ten years older on account of your intelligence."

Early Movement of Big Lots of Cattle Gluts Markets and Pricee Hit Decline

Last Monday the nation's 121 major markets reported close to producing countries of the world 125,000 cattle and calves. This show increases in the past year was about 20,000 more than a in their cattle population. Latest year ago the same date, and 10,000 ahead of a week earlier. It was the signal for renewed pressure 877,000,000. This is 10,000,000 on prices across the nation, according to Ted Gouldy, special market reporter for The Herald. Gouldy's release continues:

Chicago reported cattle 50 cents to \$1.50 lower. Kansas City chalked up losses of 50 cents to \$1 per 100. It was the same story at oll points. Here at Fort Worth grain-fed cattie were scarce and pretty close to steady, but the rank and file cattle and caives averaged 50 cents to \$1 lower, some spots more and some spots

In livestock circles this happens every year, usually in June. However, the season governs the "June break." An early season such as this one sees the break in cattle rices come early, and in a late season, sometimes the break comes in July or later.

Usually the "June break" comes soon after the first interval of high temperature and burning U. S. Department of Agriculture summer winds, which sear pas-

Mrs. Mattie Bruner had all of her children home for Mother's Day. They were Mr. and Mrs. Horace Bruner of Abilene, Mr. and Mrs. Leflar Bruner of Columbia, Georgia, Mrs. Edith Williamson of Oklahoma City, Mrs. Fred Mayfield of Long Beach, Califiornia, Mrs. W. G. Fielder of Alpine and Mrs. E. W. Johnson Roy Bruner, Eli Bruner and Sam Bruner of Hamlin.

Loy D. Fry Sr. of Hamlin and Wichita Falls were guests ..

Telephone company employees | into having their voices recorded of equipment.

When ushered into the traffic department, the relatives were fascinated with the switchboard. Off-duty operators were present to explain to the interested groups how local and long distance calls

Guests were then invited into the candle-lit lounge for refreshments of bell shaped cookies and punch ladled from a crystal bowl set in larkspur and bluebonnets. Centerpiece for the table was an attractive Southwestern bluebell constructed of styrofoam complemented with larkspur and bluebonnets at the base, and flanked by blue tapers. Deep blue napkins and cut-work cloth completed the table appointments. Floral arrangements were in abundance throughout the building.

Good-byes were expressed as the guests departed, and just outside the exist stood an installer's pick-up polished for inspection with all equipment and tools assembled and neatly displayed.

The tour of the building was Mr. and Mrs. Loy D. Fry Jr. and enjoyed by all in attendance. Calldaughter, Margaret Ann, of by-number booklets were distributed to the crowd of over 100.

HSAUBUICK

-AND ALL YOURS

for the price of a smaller car!

(Come in and check it!)

You certainly can throw out your chest and call this strapping big Buick yours. Because - as any comparison shows - the dollar

difference between this brawny beauty and the well-known smaller cars is now virtually erased.

So if you've been holding back, thinking a Buick was out of reach-let yourself go. You can afford a Buick if you can afford any new car - and the price tag we'll show you proves it.

Buick Sales Are Soaring To New Best-Seller Highs

That's a major reason for the phenomenal success of Buick today. So much so, that production and sales are hitting new peaks to move Buick more firmly into the tight circle of America's best sellers.

And a companion reason for this soaring popularity is Buick's full line of cars to give you a choice in any price class-the bedrock-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, and the custom-built ROADMASTER.

But pure and simple, it's all the automobile you get for your money that's winning so many new owners to Buick.

It's the extra pride you feel, the extra room you enjoy, the extra comfort you get, the extra safety

KNOW=

ride-engineering, Buick solidity of structure. It's the extra lift and snap and ginger you get from Buick high-compression V8 power-and

you sense - from Buick styling, Buick size, Buick

the fun and thrill of bossing such eager might. As we said - if you can afford any new car, you can afford a Buick-even with the spectacular performance of Variable Pitch Dynaflow; at

modest extra cost. So why settle for anything less than a Buick? Drop in on us, take the wheel, press that pedal,

and see for yourself what a whale of an automobile -and a whale of a buy-today's Buick really is.

+Dynastow Drive is standard on Roadmaster, optional at extra cost

DID YOU

- that the Buick SPECIAL is priced below any other car of 188 horsepower and 122-

- that the Buick SPECIAL is priced below some models of the three well-known smaller cars?

- that the Buick SPECIAL gives you more pounds of automobile than any other car

Probably Eight to Be Called in May In May Draft Quota

state draft quota for the month three, it is estimated. Quota for the three-county district of Jones Haskell and Shackelford served y the draft board at Anson wil be about eight.

State draft quota for May is 544 men for the Army, Brigadier General Paul L. Wakefield, state selective service director, said in release to The Herald

This is the Texas share of ational quota of 10,000 men. May quota of 544 compares with an April quota of 432 and a March quota of 584

There will be no men called ur for pre-induction mental and phy sical examinations in May Gen eral Wakefield said. With monthly quotas being what they are, he said he doubted if any exami nation would be held before July. With the exceptions of volunteers, the May call will be filled only with registrants who on

inducted in Texas is above 21. Draft board quotas are being filled to a great extent with volunteers, General Wakefield said. many of the volunteers being un-

Mexican Pastor Tells Rotarians of Nork as Blaster

In his earlier days Rev. Victor rtiz, pastor of the Mexican Bapst Church in Hamlin, literally ited his way along life's way, e told members of the Hamlin Rotary Club when they met in egular weekly luncheon session ednesday noon at the oil mill

His was one of a series of classiation talks by members of the Ortiz recalled when, back h 1913, he went from hoist operaor, to steam shovel operator to laster for the Texas Cap Rock Corporation plant at Knippa, west San Antonio. His blasting exrience was one of his most inresting, he declared. Although raught with danger, he enjoyed work that fascinated him. He aced a man who was killed a blast at the quarry.

Guests at the Wednesday lunch included Tommy Connerly en included forming

Rating of Hamlin **Bands Was Excellent**

Heading on last week's story about the rating of the Hamlin shool Bands was misleading. The Herald publisher has been inform-Actually both the high school and funior high school bands were classed as excellent with the second division rating, instead of the "fair" used in the heading.

Director Jess Parrish declares was well pleased with the secand division ratings inasmuch as competition was unusually keen n the area band meet at Abilene. Only a few bands were rated in rst division, which is superior.
